

General Guidelines For Use

PT1 Human Hygiene Biocide.

Please follow local healthcare policy for personal protective equipment, hand hygiene & waste disposal guidelines.

1. Press the top of the cap with thumb to release the colouring agent into the bottle.
Do NOT remove the cap.

2. Shake the bottle vigorously for at least 30 seconds to achieve a homogeneous mixture.

3. Allow the bottle to stand for 15 seconds before opening to allow the liquid to drain from cap into bottle.

4. Apply the solution directly to the skin or using a swab. Allow to air dry. The mixed solution must be used within 72 hours.

Without RED dye

1. Unscrew the lid to open the bottle.

2. Apply the product directly to the skin or by a swab. Allow to air dry.
