

# Prevantics® range of applicators, swabsticks and swabs provide proven skin disinfection.

- + **Better than Traditional Methods:** the combination of 2% Chlorhexidine gluconate (CHG) and 70% Isopropyl alcohol (IPA) provides long-lasting microbial kill of up to 48 hours in comparison to 2 hours with just IPA alone.<sup>1</sup>
- + **Complies with Guidelines:** its 2% CHG and 70% IPA formulation is recommended in evidence-based infection guidelines published by health organisations such as NICE<sup>2</sup>, epic<sup>3</sup> and the World Health Organization<sup>4</sup>.
- + **Proven Efficacy:** based on its active ingredients, a broad spectrum of efficacy is guaranteed against bacterial, yeastical & virucidal activity.

The single-use applicator is a ready to use device containing 2% (w/w) Chlorhexidine gluconate and 70% (v/v) Isopropyl alcohol requiring no activation.

## Recommended applicator based on general skin coverage

Applicator Size	RECOMMENDED SKIN COVERAGE
3ml	15cm x 15cm
10.5ml	30cm x 30cm
26ml	50cm x 50cm

## Range Details:

	REORDER NO	PRODUCT SIZE	QTY PER CASE	CLASSIFICATION
26ml	IAP4140	26ml	10 units per carton 6 cartons per case 60 units per case	Biocide
26ml with tint	IAP4230	26ml	10 units per carton 6 cartons per case 60 units per case	Biocide
10.5ml	IAP4130	10.5ml	10 units per carton 6 cartons per case 60 units per case	Biocide
10.5ml with tint	IAP4220	10.5ml	10 units per carton 6 cartons per case 60 units per case	Biocide
3ml	IAP4110	3ml	11 units per carton 6 cartons per case 66 units per case	Biocide
3ml with tint	IAP4200	3ml	11 units per carton 6 cartons per case 66 units per case	Biocide

The single-use, ready to use swabstick contains 2% (w/w) Chlorhexidine gluconate and 70% (v/v) Isopropyl alcohol requiring no activation.

Easy to open with no sharp glass to break.

The swabstick has been developed to allow the product to be safely removed from the packaging without any external contact, assisting aseptic non-touch technique (ANTT) compliance.

The swabstick has a unique 2-sided applicator for interdigital areas and skin folds ensuring thorough skin disinfection.

	REORDER NO	PRODUCT SIZE	QTY PER CASE	CLASSIFICATION
1.6ml Swabstick	ISS4010	1.6ml	50 units per carton 10 cartons per case 500 units per case	Biocide

The ready to use, premoistened wipe contains 2% (w/w) Chlorhexidine gluconate (CHG) and 70% (v/v) Isopropyl alcohol (IPA) to help prevent the spread of infections and help improve patient outcomes.

	REORDER NO	PRODUCT SIZE	QTY PER CASE	CLASSIFICATION
Sachet	ISW4030	150mm x 129mm	200 units per carton 8 cartons per case 1600 units per case	Biocide
